Collect and Connect all your EHS “dots”

Remember playing “dot-to-dot” as a kid? Starting with an indiscernible page of clutter and carefully following the numbers to create a **clear image**? Well, that’s the HSI Donesafe universal platform in a nutshell.

We help customers collect, connect, interpret and act upon all their EHS “dots”, spanning their people, assets, systems and environments. We provide unparalleled, end-to-end visibility, giving you the most lucid of pictures, for the ultimate in control.

Globally Trusted | Used by Millions | Endorsed by top EHS Leaders

Customers Report: 5X increase in data & insights captured.

Regardless of your sector or size of business, HSI Donesafe's ability to alleviate any EHS pain point is unmatched. We achieve this by enabling you to:

Create what you want...

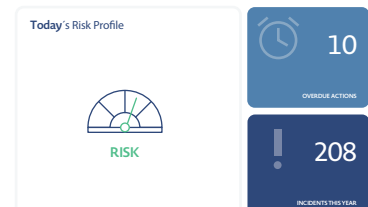

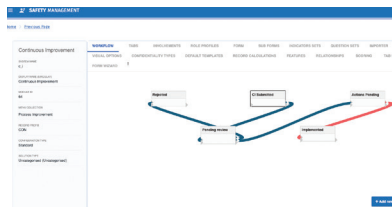

Tailor a solution to suit your business needs, from workflows and automations, to forms and more.

Only deploy what you need...

A software architecture allowing you to deploy only the modules you need, but with the scalability to meet the unknowns of tomorrow.

Generate meaningful data connections...

The connection of diverse, unmatching data sets to uncover blind spots and help you reduce your exposure to risk.

Enjoy superior visibility...

A full 360-degree view of your EHS program from a single dashboard.

Uncover incomparable efficiencies...

Deeply intelligent, end-to-end workflows which simplify the most complex user experiences.

Leverage pre-emptive insight...

A new data rich state where previously uncovered insights are revealed, trends identified and decisive action can be taken.
